

PRIVATE CLIENT BANKING TARIFF

Coutts

PRIVATE CLIENT BANKING TARIFF

Clients who are resident or domiciled in the UK should refer to Section 1a. Clients who are not resident and not domiciled in the UK should refer to Section 1b:

- Section 1: Banking relationship and account tariff

The remaining sections apply to all clients:

- Section 2: Transaction and service fees
- Section 3: Standard overdrafts

SECTION 1A: BANKING RELATIONSHIP AND ACCOUNT TARIFF

From 1 June 2026 we are making a number of changes to our Relationship Fee. For more information, you can visit the dedicated hub on our website at coutts.com/banking-updates

Sole relationships

You will be charged an annual tariff of £900 (or currency equivalent) for your sole Coutts Private Client banking relationship (this includes maintaining your account). This tariff will be pro-rated and applied quarterly in arrears in March, June, September and December.

We will waive your quarterly tariff in whole or in part based on the average value of combined assets and liabilities that you hold in sole/joint accounts with us. The average value of your combined assets and liabilities will be based on your deposit balances, the absolute value of drawdown borrowings (excluding overdrafts and outstanding credit and charge card balances) and the value of your qualifying investments on the last day of each month in the quarter. Please see the table below for an explanation of how we will calculate your tariff each quarter.

Joint relationships

You will also be charged an annual tariff of £900 (or currency equivalent) for each joint relationship you hold with us. This tariff will be pro-rated and applied quarterly in arrears in March, June, September and December. The joint relationship tariff will not be charged if all parties to the relationship also hold a sole relationship with us.

We will waive the quarterly tariff in whole or in part based on the average value of combined assets and liabilities held in the joint relationship. The average value of your combined assets and liabilities will be based on your deposit balances, the absolute value of drawdown borrowings (excluding overdrafts and outstanding credit and charge card balances) and the value of your qualifying investments on the last day of each month in the quarter. We will consider the combined assets and liabilities of all accounts contained within the joint relationship in question.

If you share a joint relationship with a client who is not resident and not domiciled in the UK that relationship will be subject to the tariff described in Section 1b of this document.

We are also able to consider assets and liabilities that members of your immediate family hold with us when calculating your quarterly tariff. Please see the section titled *Family members* for more information on how this works.

The tariff for sole and joint relationships will be calculated based on the following criteria each quarter:

Average value of combined assets and liabilities	Quarterly tariff
£0 – £249,999 (or currency equivalent)	£225 (or currency equivalent)
£250,000 – £499,999 (or currency equivalent)	£75 (or currency equivalent)
£500,000+ (or currency equivalent)	£0 (or currency equivalent)

Notes:

- The absolute value of borrowings (excluding overdrafts and outstanding credit and charge card balances) that are drawdown at the time of the fee calculation is considered. For instance, if you have £1,000,000 outstanding on your mortgage account, we will add +£1,000,000 to your deposits and qualifying investments when calculating your combined assets and liabilities
- Please note, investments qualifying under one of the sub-paragraphs will not be recounted under any other.

Qualifying investments include:

- (i) investments that the Bank manages through either a discretionary or advisory portfolio relationship
- (ii) the Bank's in-house CMAF and PPF fund ranges
- (iii) investments placed through Coutts Invest
- (iv) investments placed through our Execution Only Dealing Service or any other investment products held in custody with us
- (v) investments held in a Stocks and Shares ISA

Before we debit your account, however, we will give you at least 14 days' notice of the amount to be deducted, except when the account is to be closed.

Private Client Banking Tariff

Family members

We realise that members of your immediate family (your spouse, partner or dependent children under the age of 26) may choose to bank with Coutts. In recognition of this fact we are able to link Private Client accounts held by your immediate family under a single Fee Family and consider the combined value of your collective assets and liabilities when calculating the quarterly relationship tariff for individuals included in the Fee Family.

Please discuss this with your private banker if you would like to be set up as part of a Fee Family.

Coutts Travel Protection

You may choose to purchase Coutts Travel Protection for an annual fee of £400 which will be pro-rated and charged quarterly in arrears in March, June, September and December.

We will waive the quarterly fee if the average value of the combined assets and liabilities that you hold in sole and joint accounts or within a Fee Family (during that quarter) is in excess of £1,000,000. Please refer to section 1a for more information on how your combined assets and liabilities are calculated.

Coutts Travel Protection is subject to eligibility. Please refer to coutts.com/private-banking for further information.

SECTION 1B: BANKING RELATIONSHIP AND ACCOUNT TARIFF FOR CLIENTS WHO ARE NOT RESIDENT AND NOT DOMICILED IN THE UK

From 1 June 2026 we are making a number of changes to our Relationship Fee. For more information, you can visit the dedicated hub on our website at coutts.com/banking-updates

Sole relationships

You will be charged an annual tariff of £1200 (or currency equivalent) for your sole Coutts Private Client banking relationship (this includes maintaining your account). This tariff will be pro-rated and applied quarterly in arrears in March, June, September and December.

We will waive your quarterly tariff based on the average value of combined assets and liabilities that you hold in sole/joint accounts with us. The average value of your combined assets and liabilities will be based on your deposit balances, the absolute value of drawdown borrowings (excluding overdrafts and outstanding credit and charge card balances) and the value of your qualifying investments on the last day of each month in the quarter.

Joint relationships

You will be charged an annual tariff of £1200 (or currency equivalent) for each joint relationship you hold with us. This tariff will be pro-rated and applied quarterly in arrears in March, June, September and December. The joint relationship tariff will not be charged if all parties to the relationship also hold a sole relationship with us.

We will waive the quarterly tariff based on the average value of combined assets and liabilities held in the joint relationship. The average value of your combined assets and liabilities will be based on your deposit balances, the absolute value of drawdown borrowings (excluding overdrafts and outstanding credit and charge card balances) and the value of your qualifying investments on the last day of each month in the quarter. We will consider the combined assets and liabilities of all accounts contained within the joint relationship in question.

We are also able to consider assets and liabilities that members of your immediate family hold with us when calculating your quarterly tariff. Please see the section titled *Family members* for more information on how this works.

The tariff for sole and joint relationships will be calculated based on the following criteria each quarter:

Average value of combined assets and liabilities	Quarterly tariff
£0 – £2,999,999 (or currency equivalent)	£300 (or currency equivalent)
£3,000,000+ (or currency equivalent)	£0 (or currency equivalent)

Notes:

- The absolute value of borrowings (excluding overdrafts and outstanding credit and charge card balances) that are drawdown at the time of the fee calculation is considered. For instance, if you have £1,000,000 outstanding on your mortgage account, we will add +£1,000,000 to your deposits and qualifying investments when calculating your combined assets and liabilities
- Please note, investments qualifying under one of the sub-paragraphs will not be recounted under any other.

Qualifying investments include:

- investments that the Bank manages through either a discretionary or advisory portfolio relationship
- the Bank's in-house CMAF and PPF fund ranges
- investments placed through Coutts Invest
- investments placed through our Execution Only Dealing Service or any other investment products held in custody with us
- investments held in a Stocks and Shares ISA

Before we debit your account, however, we will give you at least 14 days' notice of the amount to be deducted, except when the account is to be closed.

Family members

We realise that members of your immediate family (your spouse, partner or dependent children under the age of 26) may choose to bank with Coutts. In recognition of this fact we are able to link Private Client accounts held by your immediate family under a single Fee Family and consider the combined value of your collective assets and liabilities when calculating the quarterly relationship tariff for individuals included in the Fee Family.

Please discuss this with your private banker if you would like to be set up as part of a Fee Family.

Coutts Travel Protection

You may choose to purchase Coutts Travel Protection for an annual fee of £400 which will be pro-rated and charged quarterly in arrears in March, June, September and December.

We will waive the quarterly fee if the average value of the combined assets and liabilities that you hold in sole and joint accounts or within a Fee Family (during that quarter) is in excess of £1,000,000. Please refer to section 1b for more information on how your combined assets and liabilities are calculated.

Coutts Travel Protection is subject to eligibility. Please refer to coutts.com/private-banking for further information.

SECTION 2: TRANSACTION AND SERVICE FEES

Payments and transfers (per transaction)

Our indicative Reference Exchange Rates are published at coutts.com/fxrates or are available on request. Rates change continually and, unless we tell you otherwise, the rate used by us for any transaction will be the rate at the time the transaction is processed. These rates are determined by reference to the market rates made available by service providers such as Reuters, Bloomberg and NatWest Markets and are adjusted as appropriate to take account of the transaction type, size, currencies, market conditions and overall cost of undertaking the transaction by adding or subtracting a margin depending on whether you are buying or selling the foreign currency. This margin will be variable but will not exceed 1% of the Reference Exchange Rate. Please note that Reference Exchange Rates may vary marginally between telephony and digital channels.

Below are the definitions of various payment types we offer -

SEPA payment means a euro payment to a payee whose bank, building society or other type of payment service provider is located in a SEPA (Single Euro Payments Area) country.

SWIFT payment means an international payment which is sent through the SWIFT (Society for Worldwide Interbank Financial Telecommunications) network

Faster Payment means a payment made using the Faster Payments scheme allowing you to make payments within the UK that arrive almost immediately (although it could take up to 2 hours)

CHAPS payment means a same day payment within the UK using the CHAPS (Clearing House Automated Payment System) service

Sending money within the UK

<i>Payment instructed via:</i>	<i>Coutts 24</i>	<i>Coutts Online</i>
Faster Payments	£0	£0
Clearing House Automated Payment System (CHAPS)	£30	£15
Non-sterling transfer (For example USD to USD account)	£30	£15

Sending money outside of the UK

<i>Payment instructed via:</i>	<i>Coutts 24</i>	<i>Coutts Online</i>
SEPA Payment	£0	£0
SWIFT Payment	£30	£15
Payment Delivery Charge	USA £3 Europe £6 Rest of World £9	

If you are sending money anywhere in the UK or to the EEA the only permitted charging option for that payment will be Shared Charges. Shared Charges means you pay for the charges levied by Coutts and the beneficiary pays any charges levied by the beneficiary bank for receipt of the funds (a Payment Delivery Charge). If you are sending money outside the UK then you may pay the Payment Delivery Charge to ensure the beneficiary receives the specific amount required. Charges quoted above may be subject to currency conversion where applicable. Please note in some cases, outside of the UK where it is local banking practice, the intermediary and/or beneficiary bank may deduct their fee(s) from the payment in any event.

Receiving money from outside the UK

Inbound SWIFT payment	£0
Inbound SEPA payment	£0

Coutts Debit Card transaction fees

Our Coutts Debit Card will not incur non-sterling transaction fees.

By negotiation (subject to recourse)	0.3% (min £15, max £90)
Negotiation of sterling cheques	as above, plus interest fee of 1% of value

Expenses, such as cable fees, agents' fees and VAT, where applicable, will be added. Fees relating to obtaining proceeds of cheques payable abroad apply whether or not a cheque is paid. When cheques are negotiated by the Bank on your behalf, the Bank will generally credit your account by the end of the second business day after the business day on which the cheque is paid in (subject to cut-off times). However, there is an unlimited recourse period attached to the negotiation of cheques and if the cheque is subsequently returned unpaid we will be obliged to debit your account. A charge may be levied for obtaining a missing BIC (Bank Identifier Code) and/or IBAN (International Bank Account Number) on outward payments.

SECTION 3: STANDARD OVERDRAFTS

Coutts Unarranged Overdraft Borrowing Rate is 10% over the Currency Reference Rate. The Currency Reference Rate is:

- the Coutts & Co Base Rate for Sterling accounts, and
- for all other currencies, the Coutts Currency Base Rate.

We may vary the Unarranged Overdraft Borrowing Rate and, if we do, we will provide not less than 60 days' notice.

The Coutts & Co Base Rate tracks the Bank of England Base Rate and will follow any change in the Bank of England Base Rate. If the Bank of England Base Rate goes below zero, then the Coutts & Co Base Rate will be zero. The Coutts Currency Base Rate will follow any change in external reference rates. If the reference rate used to determine the Coutts Currency Base Rate falls below zero, the Coutts Currency Base Rate will be zero. We will advertise any change to our Base Rates after it takes effect on our websites at www.coutts.com. Additionally, any changes to the Coutts & Co Base Rate will be advertised in three national daily newspapers and in our offices.

Interest on borrowing

Interest on your overdrafts will be calculated on your daily balances and debited from your Current Account at the end of March, June, September and December each year. Before we debit your Account, however, we will give you at least 14 days' notice of the amount to be deducted.

If you close your Account, we will calculate any interest that you owe and debit it from your Current Account.

If you would like this document in another format such as Braille, large print or audio, please let us know.

These fees are applicable from 12 December 2022, but they are reviewed from time to time and any changes will be notified to you in advance.

All fees are exclusive of VAT, unless otherwise stated. Fees for individual services outside this standard tariff

can be provided at any time upon request and will be advised to you when you first use the service.

Fees for borrowing are assessed separately for each facility. For further details on any items described here, please contact your private banker.

Credit: over 18s only. Our services are not offered to any person in any jurisdiction where their advertisement, offer or sale is restricted or prohibited by law or regulation or where we are not appropriately licensed. EAR stands for Effective Annual Rate and is the real cost of an overdraft, stated as an annual fee, which takes into account how often interest is charged to the account. All other charges, such as arrangement fees, will be shown separately from the EAR.
